

## CSCI-232 Client-side Development - Assignment 2

Recreate the app using Vue.

Points		Points Awarded
5	The app has exactly 3 components.	
30	The app uses 4 instances of the same component for the 4 quadrants.	
5	The diamond shaped buttons are held in a separate component.	
5	The margin and gaps between the quadrants are the same as in the demo app.	
5	The app takes up the entire web page and is responsive.	
10	The shape, size, and placement of the diamond buttons is the same as in the demo app.	
5	The buttons, when pressed, have the same pressed effect as in the demo app.	
10	Button A toggles the text in the upper left quadrant between the words Sigma and Alpha.	
5	Button B changes the color of the buttons to the pattern shown in the demo app.	
5	The font, size, and position of the text in the upper left quadrant is the same as in the demo app.	
5	The coat of arms image, it's size, and it's position in the same as in the demo app.	
5	The animation of the coat of arms is the same as in the demo app.	
5	The component in the upper right quadrant has the same curvature as shown in the demo app.	
Deductions		
-100	The instructor has not been provided with URL for live site.	
-10	The app is NOT deployed to same URL as previous assignment.	
-100	The app's source code is NOT deployed to Github repository OR instructor does NOT have access to repo OR instructor has NOT received an email with the source code repo URL.	
-20	The student does NOT demonstrate their app during class	
-100	The student's source code contains code that is identical to the source code provided by another student in the class.
